Growing up in a family rooted in watersports and hospitality, Sam developed a natural understanding of guest service from an early age. This background shaped his approach as a captain: calm, service-minded, and focused on creating a welcoming, safe, and enjoyable environment for owners and charter guests.

Sam has captained a 37-metre sailing yacht on a full circumnavigation, managing both private and charter operations while exploring remote destinations around the world. He is currently Captain on M/Y SHEERGOLD and S/Y THANDEKA, where he combines strong technical competence with a personable, guest-focused leadership style. His goal is simple: to deliver smooth operations, memorable experiences, and the highest standards of hospitality on every voyage.
